- D. All Players must register in the office prior to playing in their first game of the season.

Referees will be instructed to ask team reps if they have any ineligible players prior to the start of league games to allow team reps the opportunity to confirm with the players on the bench. After the second game, the team rep will be responsible for ensuring all players are registered and eligible to play.

Teams playing with non-registered players will be penalized as follows:

- 1. If they won or tied the game, the game will be changed to a forfeited loss and the non-registered player will be issued a one game suspension. If the non registered player does not return to the rink, the team rep will serve the one game suspension.
- 2. If they lost the game, the team rep and the non-registered player will be issued a one game suspension.
- 3. Non-registered players receiving any type of suspension will receive an additional six game suspension. The team rep will be responsible for serving any suspensions for non-registered players if they fail to register for the team in question.

TEAM REPRESENTATIVES

Team reps are an important link between the players participating at all Ball Hockey Ontario facilities and the Management of the facility. We are always encouraging organized individuals to take on the challenge of running and leading their teams.

The Team Rep has the following responsibilities and benefits in coordinating his/her team:

Benefits:

- a. Enjoy the pleasure of leading your friends into each game at the club!
- b. Participate in “team rep meetings/parties and other club social events”.

Responsibilities:

- a. Act as a communication liaison between your players for all issues around scheduling, rules, regulations or suspensions.
- b. Participate at Team Rep meetings, providing feedback to the club.
- c. Complete the game sheet prior to the start of each game (numbers for all participants)
- d. Ensure there are three Official game balls (ballhockey.com/Mylec/D-Gel/Knapper) in the office prior to the start of each game. Provide directly to the time keeper before the game starts.

RULE 2 – PLAYERS IN UNIFORM

- All clubs shall provide official game sheets for each game. Team reps shall ensure game sheets are correctly completed with each player’s first and last name and jersey number prior to the scheduled start of each game. No change or addition will be permitted to the team line-up after the start of the game with the following exception:
 - a. If a player arrives late for a game and his name is already listed on the game sheet, then the player will be allowed to participate.
 - b. If a player’s name is omitted from the game sheet, that player must provide proof of registration or be approved by the office.

- In the event of a colour conflict, **the visiting team** will be the team that is required to wear the club pinnies. The club pinnies must be returned to the office immediately following the game that they were used in. If one team has a full matching set of jerseys and the conflict is with a team having the same base colour, but not matching uniforms then the team with "mix and match" uniforms will wear the pinnies.
- Each team shall have only one goaltender on the floor during play. The goaltender may be removed and another player substituted. In the event of goalie change, the goalie that started the game will be eligible to continue playing the game.

All teams must finish the game with at least the number of players they started with (in the event of 4 and a goalie). - 3) If the ball goes out of the expanded zone (by crossing the red line into the attacking team's zone), then the attacking team must "clear the blue line."
- 4) The BALL must enter the zone first. Players (even with possession and control) may not back over the line with the ball. Deliberate off-sides will result in a face-off deep in the offending team's zone. A direct shot on goal while clearing the zone will not result in an

automatic off-side unless the offending team fails to attempt to clear the zone. No goal can be scored while delayed off-side is in effect.

RULE 50 – BALL MUST BE KEPT IN MOTION

- A. A team in possession of the ball in its defending zone shall always advance the ball towards the opposing goal, except if prevented from doing so by players of the opposing team. - C. If the ball is shot on the back of the net and comes off without any delay or, if a player or goaltender knocks the ball off the back of the goal netting without unnecessary delay, play shall continue. If the ball is frozen between opposing players or cannot be removed from the back of the net, the Referee shall stop play and the face-off shall take place at a location covered by the rules.
- D. A Minor penalty shall be assessed on a goaltender who causes the ball to go out of bounds, or deliberately drops or throws the ball on the goal netting to cause a stoppage in play.

RULE 52 – BALL OUT OF SIGHT OR ILLEGAL BALL

- A. At any time where the Referee loses sight of the ball, play shall be stopped. The resulting face-off shall be at the point where play was stopped, unless otherwise stated in the rules.

RULE 53– BALL STRIKING OFFICIAL

Play shall not be stopped if the ball touches an official anywhere on the rink, except when the ball is deflected directly off an official into the goal or out of the playing area. No goal shall be allowed if a ball deflects directly off an official into the net.

A five minute grace period will be run off the clock prior to the game being declared a forfeit. If during the grace period the offending team is able to start play, they will be assessed a delay of game penalty. A forfeit will not count towards a player suspension for the offending team. Forfeits can be avoided by using approved spare players.
- E. If a team is aware that they are going to forfeit a game, it will be considered a courtesy to your scheduled opponent to advise the office staff that your team will not be present. A win will automatically be awarded to the opposing team and they will have the option of using the scheduled hour for a practice.
- F. At the beginning of each period, only the players taking part in the actual face-off shall be allowed on the rink. All other players shall go directly to their benches. For an infraction of this rule, a Bench Minor penalty for delay of game shall be assessed by the offending team.
- G. Once an official has entered the surface, the clock will begin to run down from 13 minutes allowing the teams a minimum of three minutes to warm up. The official will blow his whistle at 11:00 minutes signifying the players need to prepare for the start of play. The clock will be stopped at 10:00 minutes and the officials will take their position. If a team remains unprepared to start the game after a 30 second grace period, a two minute minor penalty for delay of game will be issued and the clock will be started.
- H. Once a team has five (5) runners and a goalie, they must complete the game with at least that many participants. The same rule applies when a team starts a game and plays with four (4) runners and a goalie where no other players come out for that team. In the event that a team is unable to field the minimum number of players on the playing surface (due to injury or penalties assessed), play shall be stopped and a forfeit win awarded to the non-offending team.

RULE 55 – REFUSING TO START PLAY

- A. If a team is withdrawn from the rink and fails to return and start play, or if being on the rink, fails to start play within two minutes after being ordered to do so by the Referee, the game or series shall be suspended. The Referee shall submit a full written report. If a team after being ordered to return, does return to start play, then a Major penalty shall be assessed for Delay of Game. If this infraction occurs in the last two minutes of regular playing time, a Penalty Shot (in addition to the Major penalty) shall be awarded against the offending team, as stated in Rule 32(h)-Delay of Game
- B. If a team is withdrawn from the rink or fails to go on the surface, or being on the surface, fails to start play a SECOND TIME within the same game after being ordered to do so by the Referee, the two minute allowance shall not be granted and the game will be officially suspended. A full written report shall be submitted by the Referee.

A player that drops to block a shot is not considered to be sliding unless they are propelling themselves.

Where any player of the defending team, including the goaltender, deliberately throws his/her stick or any part thereof or any other object at the ball or ball carrier in the defending zone, the Referee shall allow the play to be completed and if a goal is NOT scored, a penalty shot shall be awarded to the attacking team. If a goal is scored, the penalty shot shall not be awarded.
- B. A Minor penalty shall be assessed any player who deliberately throws his/her stick or any part thereof or any other object except when such act has been penalized by the awarding of a penalty shot or a goal.

Where a player throws a stick in a violent manner and such action puts the safety of other players (on any rink) or spectators at risk, a gross misconduct shall be assessed. Any player assessed for gross misconduct for this action shall be suspended from all divisions until the full suspension has been served in the division it was incurred.

RULE 60 – TRIPPING

- B. If a player uses his/her stick, knee, hand, foot, arm or elbow in any manner or falls on the surface directly in the path of the ball, causing the ball carrier to trip and lose possession of the ball, a penalty shall be assessed.
- C. When a player in control of the ball on his opponent's side of the centre red line is tripped, or otherwise fouled from behind, and thus prevented from having a clear shot on goal (having no other opponent to pass other than the goaltender), a penalty shot shall be awarded to the non offending team. The referee shall not stop play until the attacking team has lost possession and control of the ball.

RULE 61 – GENERAL RULES

- A. Open cuts – Any player with an open cut will be asked to leave the playing surface, and may not return until the bleeding has stopped and the wound has been covered with a bandage. The time keeper has a basic first aid kit, however each team is encouraged to purchase their own first aid supplies. The distribution of first aid supplies is a courtesy provided by Ball Hockey Ontario clubs for members, and it would be appreciated if all unused items were promptly returned. If during game action a bandage slips or falls off, it is not necessary to replace it unless the cut/wound is still bleeding.
- B. Surface Damage – Any player who intentionally damages the playing surface or facility will be assessed a 10 minute misconduct at the discretion of the game official and will be required to compensate the facility for damages incurred.

- C. Intoxication – Any team who suspects that a player is under the influence of drugs and/or alcohol should bring this to the attention of the referee immediately, upon discovery. The referee will then talk to the team rep of the intoxicated players' team, giving him the option to voluntarily remove the player from the game. If the team rep or player in question refuses, then the referee will talk to the player to determine if he is intoxicated. If in the opinion of the referee, the player is intoxicated and returns to the playing surface, he/she will receive a gross misconduct and that player's team will receive a five minute bench major penalty. This rule is for the safety of all players including the offending participant, and as such, teams should be encouraged to cooperate fully with each other and the officials. The game officials will have the authority to remove an intoxicated player from the game at any time. Ball Hockey Ontario will not tolerate substance abuse before or during a game.
- D. Mercy Rule – During a game, if a team leads by 10 goals at any time or five goals in the last five minutes of play, the time clock will not stop after the face-off at center. Once the mercy rule has been instituted, the clock will NOT revert to stop time, unless the trailing team closes the gap by one goal (i.e. less than 10 or less than 5 goal gap). The clock will only be stopped by a game official for a timeout, serious injury or other valid reason. The scoreboard will not reflect any more than a 5 (five) goal spread at any time, regardless of the actual score. (This rule previously was unless the trailing team closes the gap in the score to two goals).
- E. Urinating on club property – A gross misconduct shall be assessed to any player caught urinating anywhere on club property, with the exception of the facilities provided for such personal need.
- F. Each team shall be entitled to ONE thirty (30) second time-out per game (regular season or playoffs)

SECTION FIVE - PLAYOFFS

- A. All teams participating at Ball Hockey Ontario locations are eligible for playoffs.

(Note 1) The only exception to this is where a team has outstanding Team Fees owed.

- B. In the event that teams are tied at the end of regular season, the following formula shall be used to determine team placement for playoff purposes:
 - 1. most wins
 - 2. head to head play
 - 3. season goal differential (goals for minus goals against)
 - 4. most goals for
 - 5. head to head goal differential
 - 6. least penalty minutes
 - 7. coin toss

- C. Playoff schedules will be available 7 – 10 days prior to the beginning of playoffs.
- D. All games will be three periods of ten minutes, stop time. In the event that a playoff game is tied at the end of regulation time (Game 2 only): - - - Teams will remain in the same ends as they were for the third period. A five (5) minute (stopped time) 3 on 3, sudden victory overtime period will be played. If no winner is decided after 5 minutes of overtime a shootout will determine the winner. Potentially “series-ending” games of any championship series shall be decided by sudden victory only. Successive ten (10) minute periods will be played until a goal is scored. If the game is still tied: - A shoot-out will take place. Each team shall identify three shooters ONLY on the game sheet prior to the start of the game. All playoff game 1's can finish with a tie at the end of regulation, no overtime is needed.

In the event that a playoff game is tied at the end of regulation time:

- Teams will remain in the same ends as they were for the third period.
- A five (5) minute, sudden victory overtime period will be played.
- Potentially “series-ending” games of any championship series shall be decided by sudden victory only. Successive ten (10) minute periods will be played until a goal is scored.

If the game is still tied:

- A shoot-out will take place. Each team shall identify three shooters ONLY on the game sheet prior to the start of the game
- Teams will shoot simultaneously until a winner has been decided. Three shooters from each team will have the opportunity to shoot on the opponent’s goaltender, and they will continue to shoot if still tied after one shot each.
- If the game is still tied after three shooters each, a “sudden victory” shoot-out will occur until a winner is decided with the same three (3) shooters. Players will shoot the in order indicated on the game sheet as numbered by the team rep

SECTION SIX – CO-ED RULES PHILOSOPHY/INTENT OF THIS DIVISION:

Section 6

This division is intended to be:

- 1) Recreational or Competitive, depending on your registration.
- 2) A Sociable experience for participants
- 3) Less Competitive than other adult divisions (Recreational Division only)
- 4) Fun for men, women and couples

DEFINITIONS:

Possession:

The state of a player other than a goaltender who is the last one to have come in contact with the ball.

Control: A player who is actually propelling the ball with her/his stick, glove(s), or feet.

Live Ball:

The condition that exists when a male player has possession and control of the ball, and is eligible to score by reason of a female player having been the last or second last player to have possession and control.

1. A minimum of two female players must be on the playing surface at all times (excluding the goalie).

- A maximum of (5) male goals can be scored in a single game.
- A female player must make contact with the ball at least once during play, prior to a goal being scored to be counted.

Note: There are two exceptions to this rule.

Situation 1- A player scoring into his/her own net. Goal. Goals scored in their own net by a defending player shooting and making a pass will be counted and the goal will be credited to the last player on the opposing team to have touched the ball. It will not matter if the player getting credited with the goal is live or not.

Situation 2 – A male player is fouled from behind on a breakaway when the ball is live. The male player should be awarded the penalty shot, and if he scores, no assist is awarded.

A defending player must gain possession and control of the ball in order for a scoring opportunity (or live ball) to be eliminated.

A goal scored on a rebound shall be counted if the initial pass for the first shot was made by a female player.

While most of the goals scored in Co-ed division games are done so with little room for judgment, there are instances where the officials must determine either the involvement of the female in the goal or whether the defending team had possession and control of the ball thereby

breaking the chain of the female involvement. The aim of the Co-ed divisions is to promote enjoyable, safe and fun ball hockey involvement of both genders in the games. While the rule of thumb of involvement in a goal in all other divisions is whether the player touched or was touched by the ball before it entered the net, in Co-ed divisions this is modified slightly to ensure the females are involved in the play and not just used as a post to bank the ball off before shooting. Therefore, the interpretation of whether a female is involved in a goal shall be based on whether she had intent to participate in the play. Please find below some game situations and their individual interpretations of the rule. All officials shall use these interpretations as their parameters when determining the legality of a goal in Co-ed divisions.

Situation 1

Female player passes the ball to a male player who scores a goal or a female player passes the ball to a male player who passes the ball to another male player who then scores a goal.

Interpretation: The goal is legal. This is a standard Co-ed goal. The female was one of the two passers on the goal.

Situation 2

Female player passes the ball to a male player who passes the ball to another male player. The player shoots the ball and it hits the goaltender, the rebound comes out to the same shooter and he scores a goal.

Interpretation: The goal is legal. The rebound off the goaltender does not constitute possession and control therefore the chain of involvement of the female has not been broken. She made the original pass and only two males played the ball after her.

Situation 3

Female player goes to the net anticipating a shot from a male player on her team. On the way to the net, the shot strikes her and deflects into the goal.

Interpretation: The goal is legal. Although the female did not deliberately play the ball, she did go to the net with the intent to play the ball. As with any other player who has the ball deflected in the goal off of any part of their body, the female would be credited with the goal and the shooter credited with an assist.

Situation 4 Female player takes the face off for the attacking team and wins the draw clean to a male player of her team who then scores a goal

Interpretation: The goal is legal. The female player must have control of the ball during the face off, by winning the draw and a male player scoring a goal she would be credited with an assist.

Situation 5 A female is standing in the attacking zone and a male player from her team deliberately bounces the ball off her, picks it up again and scores.

Interpretation: The goal is not legal. Because the male player simply used the female player as a post to bounce the ball off and she neither had possession and control of the ball nor the intent to play the ball, she is not a legal participant in the goal.

Situation 6

A female player passes the ball to a male player. He then passes the ball to another male player who shoots at the net. The rebound comes out in front and a third male player chips in the rebound.

Interpretation: The goal is not legal. Because the third male scored the goal and not one of the first two, the female player is no longer a legal participant in the goal. Note – each male player is allowed ONE touch on the ball. Once a third male player touches the ball or one of the first two touches it a second time without a female being involved, the ball is no longer “live.”

Situation 7

A female player passes the ball to a male player who shoots at the net. While making the save on the shot, the goaltender deliberately directs the ball to the corner with his blocker, bats the ball to the corner with his stick or bats it to the corner with his catching glove instead of catching it. A male player from the attacking team goes in the corner, gets the ball, walks out and scores.

Interpretation: The goal is not legal. Even though the goaltender did not have possession and control of the ball, he did deliberately play the ball on the shot thereby breaking the chain of involvement of the female in the goal. In this situation, the officials must make a judgement as to whether the goaltender deliberately played the ball as opposed to an uncontrolled rebound.

3. A minor penalty shall be assessed to any player that deliberately slides anywhere on the playing surface. The word sliding, in this context is implying that a player intentionally throws his or her body down to the floor and slides for the purposes of catching a player, blocking the ball when shot or intercepting a pass from one player to another. An infraction of this rule shall be assessed a minor penalty. During slippery conditions there must be a distinction made between an intentional slide for the purposes stated above and the practice of safely sliding into the boards while standing upright to maintain balance. No penalty will be assessed for this safe practice.

4. A male player stick cannot rise above the normal height of his knee on the back swing. For a violation of this rule play the play shall be stopped and face off will go deep in the offending teams zone. There is no limit on the height of the follow through. (Striking a player on a follow through will result in a High Sticking Penalty)

5. Where a goal is scored without the participation of a female player, a face-off will be conducted at a faceoff square deep in the attacking player's zone.

6. Where a team has only two female players and one of these players receives a minor penalty, a male player on the floor at the time that the penalty is assessed shall serve the penalty. If a penalty shall result in a Game Misconduct, or Game Ejection, the game shall be forfeited.
7. SHOOT-OUTS. The shoot-out rule to break ties in playoffs shall be altered in Co-ed. Four players shall take part in a shoot-out ... two females, and two males, with the females shooting first. If still tied after four shooters, a sudden victory shoot-out shall include the same four players, in the same order, until a winner is decided.

SECTION SEVEN – DIVISION QUOTAS AND SPARE PLAYERS DIVISION QUOTAS FOR TEAM ROSTER:

MEN'S A/D1: NONE

MEN'S B/D2: MAX 4 CURRENT SEASON "A/D1"

MEN'S C/D3: MAX 2 CURRENT SEASON "A/D1" & 2 CURRENT SEASON "B/D2" OR 4 CURRENT SEASON "B/D2"

COED COMPETITIVE MAX 4 CURRENT SEASON "A/D1" OR 1 "A/D1" & 4 "B/D2"

COED RECREATIONAL NO CURRENT SEASON "A/D1", B/D2, C/D3"

USE OF SPARE PLAYERS

In the event that a team has less than seven total players (including a goaltender), they are entitled to pick up a maximum of two "spares." Spares may be used from any lower division (but not exceeding seven total participants). Spare players must be registered participants in the current season, and may only be used in the regular season play. A team may use spares, provided that at no time their team exceeds seven total participants for that game. A maximum of 2 spares to a total of 7 players still applies, with the following exceptions:

- a. When a team does not have a goaltender, they shall be permitted to pick up a "Spare Goalie" regardless of what division the goalie plays in (this applies for ALL divisions, including Men's Over 30, Over 35, and Over 40). THIS CAN ONLY HAPPEN WITH THE OPPOSING TEAM REP'S APPROVAL. (This rule only applies to the regular season)
- b. Co-ed: Spares must be female with the exception of a spare goaltender.
- c. In the situation where a team is about to forfeit a regular season game, they may be allowed to use registered club players from any division. The team requiring the spares is to approach the game officials and the opposing team rep and advise them that their team is about to forfeit. The team that has the required number of players in attendance will have the option then to accept the win by forfeit, or allow the other team to add spares that would normally not be allowed ... and play the game as an official game.

Once this decision has been made, then the game will be played as an official game and the results will be recorded in the standings.

THIS WILL ONLY APPLY IF THE OPPOSING TEAM HAS APPROVED THE DECISION.

If during the course of the game, additional registered players arrive the team will need to decide if they will use the spares or use the team's registered players making sure not to exceed seven players in total if they choose to combine the use of spares with their regular roster players.
